Subaru sponsored exhibitions

- Boeing Factory

Here visitors can experience being in the Everett Factory, the world biggest airplane assembly factory, and learn about assembly process from the transportation of the airplane pieces from all over the world by Dream Lifter, a large-sized cargo.

- 787 Dreamliner Explorer

How do airplanes fly? In this interactive exhibition visitors can use a smartphone application to look for airplane pieces around the Boeing 787. A reference illustration of the 787 will be completed when all the pieces are found.
