

Duty Free Area Renewal -From November 2018 to April 2019-

Central Japan International Airport is renewing the Centrair Duty Free Cosmetics and Fashion Area located on the 3rd floor in the International Boarding Gate area (passed security).

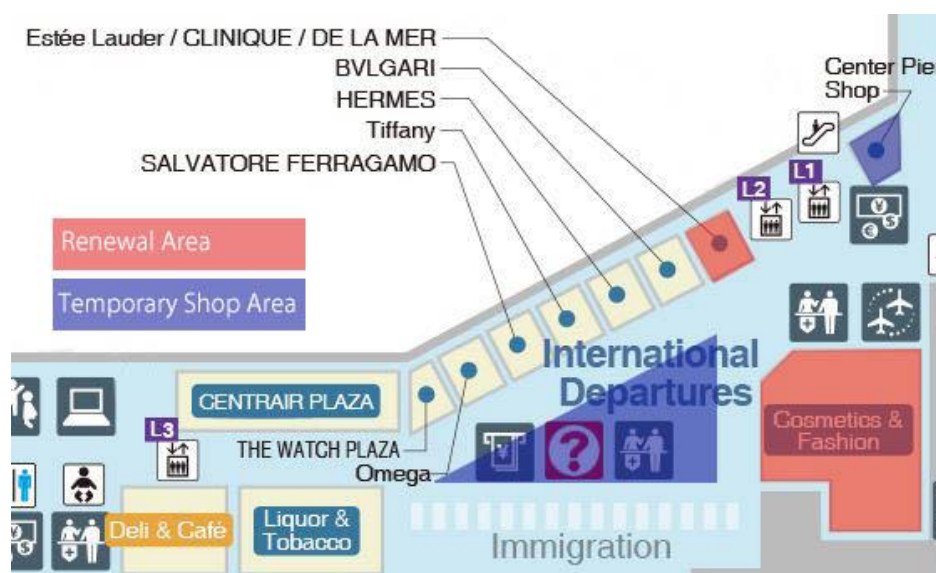

With this renewal, we want to answer to the diversifying needs of our clients by enlarging the shopping area and introducing new brands. In addition, the shopping area, including the cosmetics area on the opposite side, will be reformed in order to make them more accessible.

The current shops will remain on business until the end of October and continue as temporary shops until the renewed area opening on April 2019.

Since the cosmetic boutique will also be renewed, the Estée Lauder, Clinique, and La Mer boutique will also be in business until the end of October, when it will continue as a temporary shop.

The list with the new shop will be announced in the future.

Areas under remodelling and temporary shop location

Temporary shops information

- Duration: From November 1st 2018 until the first part of April 2019 (estimated)
- Business hours: 6:45-23:45
- Location: Passenger Terminal 3rd floor, International Boarding Gate Area (after security).

* During the renewal Center Pia Shop will operate a reservation and delivery counter.
