

Chubu Centrair International Airport has been awarded 5-Star Regional Airport for 3rd consecutive year

Central Japan International Airport Co.Ltd. is happy to announce that Chubu Centrair International Airport has been awarded the global 5-Star^{*1} Regional Airport^{*2} for the third consecutive year by SKYTRAX^{*3}, international air transport rating organisation.

The 5-Star Airport rating is a mark of quality distinction of Product and Staff service across more than 500 different assessment categories. Chubu Centrair has continued to receive acclaim for its high service quality in terms of airport staff and facilities cleanliness. Centrair aims not only to continue providing quality service but also to become a more comfortable and easy to navigate airport.

This year Terminal 2 which opened this year in September 20th, was added to the survey, even though they were some recommendations, all together with Terminal 1 and Access Plaza, Chubu Centrair was certified as a 5 star airport.

Centrair Team would like to thank all the travellers and customers that have come to the airport for their support. We will continue to improve the service, aiming for further heights.
