
Personnel and Organizational Changes

Central Japan International Airport announces personnel changes in its Director Officers line up and the revision of its Organizational Structure effective from July 2021.

1. Executive Officer level personnel changes

Retiring officer: Kakami Masahiro, Director of Super Smart Promotion Division

* Yoichiro Madokoro, will become Director of the Super Smart Promotion Division.

2. Organizational Structure revision

We have reviewed our organizational structure and decided to change the position of the Facility Planning Division on the chart to operate as a planning division for the whole company.

Organizational Structure

As of the June 24th, 2021
