

## About installation of “OiTr” Free Sanitary Pads dispensers

Chubu Centrair International Airport will install “OiTr” dispensers at the women's restrooms in the domestic departure area of Terminal 1 to offer free sanitary pads for those who are in need for sudden menstruation.

By downloading the free “OiTr” app into your smartphone and let the dispenser to read it, you will be able to get one.

This time, the installation of “OiTr” dispensers will be in some of the restrooms, but based on how they are used and the questionnaires from the users, we will consider appropriate and sustainable services, including expanding the number of toilets in the future.

Centrair will continue to make efforts to contribute to the SDGs (Sustainable Development Goals) to realize a society in which all people can lead fulfilling lives.

■ Start date: September 13, 2021

■ Name of Equipment: “OiTr”

■ Location at Central Japan International Airport

- Women's restrooms near boarding gates 8 and 9 in Domestic Departure Restricted Area on the 3<sup>rd</sup> floor of Terminal 1
- 15 dispensers are installed in total

■ Cooperating company: OiTr, Inc. <https://www.oitr.jp/>

■ Reason for introducing this service

- It eliminates the anxiety of searching through the airport for sanitary pads when you don't have any on hand.
- Because it is installed in a private restroom it can be used in the event of a sudden onset of menstruation.
- There is no noise from the device, so you can use it without anyone noticing.
- Sanitary products are always available in the dispenser (antibacterial specification)

■ Usage

- Download the free OiTr app into your smartphone and register as a member
- Turn on Bluetooth, hold your smartphone over the dispenser, and a free pad will appear.

■ Commitment to SDGs
